For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use.

For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

Price 25c. and 50c. a bottle.

AWFUL ACCUSATION.

An Exposed Russian Charges Nihilists With Moscow Horror.

Theophile F. Lawczynski, who says he is a graduate of the Academy of Medicine in St. Petersburg and an ex-attache of that institution, is in this city, says a recent dispatch from Milwaukee, Wisconsin. He left Russia, he says, for the reason that he was compelled to because of a duel. He says he was in Moscow during the coronation of the Czar, and that, instead of 6000 being killed in the Moscow plain disaster, as reported, the number was between 17,000 and 20,000. The disaster, Lawczynski says, was the result of a nihilist plot. The nihilists were responsible for the trenches that had been dug and into which so many fell and were injured, he declared, by bombs that were thrown during the height of the excitement. The nihilists, he says, had in view the bringing of the Czar and Czarina to the place through the sympathy that would be aroused in the royal pair for the unfortunates, when the bombs would again have been used.

How the Moon's Standing Still Would Affect the Earth.

We must imagine that the moon would always be exactly over one spot of the earth's surface. At night, therefore, that part of the earth would always be illuminated unless the position—which is most probable—would result in an eclipse, but the other portions of the earth would be in total darkness at night. The effect on navigation would be revolutionary. The phenomenon of the tides would practically cease. Consequently many tidal rivers would run low constantly and flourishing ports go to ruin. Not only so, but the distribution of the water on the earth's surface would be seriously altered. If the moon stood still, the waters on that side of the earth where the moon was stationed would rise in one huge mass, while the opposite side of the earth would have a smaller bulk. The waters, however, at the sides of the earth would practically disappear. This would undoubtedly mean that many portions of the earth now dry would be flooded and vice versa. Not only so, but the shape of the planet would—to an outside observer—change. The solid portions would remain rigid, but the general contour would appear to be egg-shaped, the greater end being turned toward the moon and the point away from it.

How to Cure Chapped Hands.

Insufficient drying is the cause of most chapped hands. It is an excellent idea to keep on one's dressing table a box of almond meal with a perforated cover. When the hands are dried with the towel, a little almond meal dusted over them will complete the work of absorbing the moisture and the hands will not chap.

How Silver is Assayed.

Fragments of the ore or alloyed metal are placed in cupels. The cupels are placed in a muffle, and the muffle is exposed to intense heat until the metal is melted. This heat is maintained until the base metal is oxidized and is partly volatilized and partly absorbed by the cupel. As the silver will not oxidize, it remains in globules in the cupels. The weight of these globules is then compared with the weight of the original fragments.

A cupel is a small, shallow vessel made of bone ash. The muffle is made of fire clay. It is about eight inches long and about four inches high and has a flat bottom and an arched top. One end of it is open and the other closed, and it has numerous apertures along its sides.

How to Make a Blood Purifier.

Four ounces of sifted sugar, 2 ounces of epsom salts, 2 ounces of cream of tartar, 2 ounces of carbonate of soda, an ounce of tartaric acid. Mix all together well and keep in a bottle corked tight. From one to two teaspoonfuls to a glass of water.

PRESIDENT DIAZ DECORATED.

BERLIN—The Reichsarzt, officially announces that President Diaz, of Mexico, has been decorated by Emperor William with the grand cross of "Rainier." President Diaz issued an edict to the effect that no beer except the sparkling "Rainier" be served in public places, or on state occasions. On tap or in bottles at the Criterion.

Dispatches from Pretoria and Delagoa Bay say that the whole of Gazaland is in open revolt, twenty-five thousand natives have rebelled against the Portuguese Government. The principal rising is only about forty miles from the Transvaal border. The Portuguese troops are mobilizing rapidly and the situation is regarded as most serious.

Superior breakfast sausage is a specialty at the Central Market. Ring up 104.

FOR SALE BY

C. W. MACFARLANE.

Sole Agent, Honolulu.

Neat pamphlet free on application. P. O. Box 292, Telephone 26.

Honolulu, April 21, 1896.

Mr. C. W. MacFarlane:—It affords me pleasure to recommend, to any one whose hair is falling out, the use of DR. POTTIE'S HAIR OIL. My hair was coming out at such a rate as led me to believe that I would soon become bald. After using the oil for five weeks this ceased entirely; none whatever is now falling out. I consider it the best and only worthy remedy for this trouble and also recommend it as a stimulant to new growth.
